Local 1756 members have been working on an extended contract through the COVID-19 pandemic. We have been labeled essential workers and expected to come to work and perform our duties every day. We have demanded an end to mandates, a fair wage increase, less expensive health care with better coverage, just to name a few.

To get what we deserve, every member must have a stake in our Union! The best way to claim yours is to get involved. You can get involved by wearing a button, attending Foothill Transit board meetings, signing a petition, passing out flyers, and phone banking co-workers.
